

WEEE RECYCLING AND SUSTAINABILITY

CHECKLIST:

- Do you have compliant storage for your WEEE waste?
- Do you have arrangements for the disposal of your WEEE?
- Do you know where your waste is being processed?
- Are you recycling your WEEE waste at an Environment Agency Approved Authorised Treatment Facility?
- Do you hold paperwork of your Waste collections for 3 years?
- Do you have an audit trail for your WEEE waste disposal?

CONTACT US

Tamlite is happy to help with your next lighting project; speak to our sales team to see how we can offer you our specialist recycling service, in partnership with our sister brand EWRG.

If you would like to learn more about Tamlite's sustainability strategy, speak to our lighting engineers.
